## Financial Assistance Program

Assistance for persons unable to pay co-pays or deductibles or for medical services  
Effective January 2017

**Hospital Sisters**  
HEALTH SYSTEM

## Financial assistance based on the ability to pay

At Hospital Sisters Health System (HSHS), our mission is caring for all people. High quality care is our commitment – regardless of ability to pay, race, color, creed, sex, national origin or ancestry.

Because our resources are limited, we must set guidelines. These guidelines help us to assist patients who are least able to pay. They do not prevent anyone from seeking medical treatment.

## To qualify for assistance

- Complete an application form (we can help you complete the form if needed);
- Provide documentation of income;
- Provide a statement of assets (what you own);
- Provide evidence that you have explored all other means of assistance, including private and public aid when appropriate.

These guidelines are effective January 2017, and are subject to change without notice.
